INSTRUCTIONS FOR TSP SERVICE CONFIRMATION

A service vendor, when acting as a prime contractor to a TSP service user, is to confirm service completion directly to the TSP Program Office within 45 calendar days of completing a TSP service order.

If there are more than 20 TSP services (or 20 Prime Service Vendor Service IDs) to confirm, attach additional TSP Service Confirmation Forms (SF 318) or sheets of paper the same size and format as the printed forms. Complete Items 3 through 6 on the first form only.

Item 1. Vendor Name. Enter full vendor name, exactly as previously submitted to the TSP Program Office by your company. If this is the first TSP Service Confirmation for your company, so indicate by entering "first submission" and enter the precise vendor name you will be using on subsequent confirmations and reconciliations.

Item 2. TSP Service Information. For each TSP service which you are confirming, provide:

b. TSP Authorization Code. Enter the full 12-character code received on the service order from the service user or contracting activity, e.g. TSP0B34EG-33.

c. Prime Service Vendor Circuit ID. Enter the Circuit ID.

d. Order Type. Enter "N" for a new TSP assignment, "C" for a change to the circuit ID or TSP priority level, or "D" for a disconnect of the circuit or removal of the TSP code.

Item 3. Point of Contact. The point of contact is the representative of the prime service vendor who will be called if there are any questions regarding information on this form. Enter name, title, full business address and telephone number. Include electronic mailing address if available.

Item 4. Date Data Compiled. Enter the month, day, and year when data was compiled.

Item 5. Number of Items Reported. Enter the total number of items (number of confirmations) being reported. Include confirmations on attached forms or sheets of paper in the total.

Item 6. Signature and Date. The point of contact or a company official must sign and date the form.
